

WARM UP *True or False?*

1. Eukaryotic cells are more complex.
2. Human have eukaryotic cells.
3. Prokaryotic cells do not have a nucleus, while eukaryotic cells do.
4. Prokaryotic cells do not have DNA.
5. Eukaryotic ribosomes are much larger than prokaryotic ribosomes.
6. The cytoplasm of prokaryotes does not contain any membrane bound organelles.
7. Eukaryotic cells and prokaryotic cells are enclosed by plasma membranes.
8. All eukaryotic cells and prokaryotic cells have a cell wall.
9. Bacteria are eukaryotic cells.
10. Plants are eukaryotic cells.
