Substitute Teacher Salary - GCG-R

Short-Term Substitute Teaching: For those substitute teachers who replace a specific teacher for 1-24 days, the district compensation is based on a per day rate of 55% of the long term salary base for a bachelor degreed teacher (rounded to the nearest whole dollar with .5 being rounded up) for each day worked up to the 1-24 days. (2009-2010 = \$93/day)

Intermediate-Term Substitute Teaching: For those substitute teachers who replace a specific teacher for 25 + days, the district compensation is based on a per day rate of 60% of the long term salary base for a bachelor degreed teacher (rounded to the nearest whole dollar with .5 being rounded up) per day for each day worked for 25+ days. (2009-2010 = \$101/day)

Long-Term Substitute Teaching: For those substitute teachers who replace a specific teacher with a work agreement, the district compensation is based on 178th of the salary base for a bachelor degreed teacher. (2009-2010 = \$169.00/day)
